

2010 INCOME CRITERIA FOR KNOWLEDGE MIGRANTS

Each year the salary criteria for knowledge migrants will be revised in December for the upcoming new year. This year the amounts for 2010 have been revised as follows:

Foreign individuals who are	2009 Income criteria	2010 Income criteria
Older than 30	€ 49,087	€ 50,183
Younger than 30	€ 35,997	€ 36,801
Students who graduated in the Netherlands and will be working as Knowledge Migrants	€ 25,800	€ 26,376

Please note that if a visa-request (so called: "MVV"-request), under the knowledge migrant procedure, was filed with the Dutch immigration authorities ("IND") in December 2009, then in principle the IND will maintain the salary criteria for 2009, if the knowledge migrant applies for a residence permit in 2010.
